Along with the optional wireless radio connection, installation is quick, simple and **INEXPENSIVE!**

This easy-to-use program allows you to collect fuel transactions as they happen. In addition, the software will track active account information and fuel usage. Easily look-up information and quick reporting. You can also generate invoices for your customers from your computer. SENTRY FUEL™ also has the capability to keep your information safe, secure and up-to-date with built in diagnostics and checks.

FEATURES:

- Real Time Transaction Collection—collect transactions as they happen
- Maintains accurate and detailed account and fuel usage
- Generates over 12 reports
- Invoice your customers from your PC
- Built in diagnostics and checks to secure data
